Superintendent's Highlights

Pleasant Valley is a small, remote elementary school district with 17 students currently in grades K-8. Our school enjoys a high degree of parental involvement. Educational excellence is highly valued in each home and expected in the school setting. Opportunities are available for students to have access to up-to-date technology that allows each one to literally communicate with the world through the use of computers. In addition to quality instruction students are taught the importance of respect for themselves and others. Pleasant Valley students traditionally rank high scholastically as they pursue high schools studies following their elementary experience.
